

## Technical datasheet.

### Product: Peel-ply PA80

Manufactured for vacuuminfusion purpose.  
Resistant to Epoxy, UP and Vinylester resins.

#### Product

Peel-ply of PA6 nylon, single weave 1/1 taffeta.  
Treated and heatcleaned with a weight of 80 gr/m<sup>2</sup> and a red tracer stripe.

Temperature resistance  
120 degr.

Roll: 1800 mm x 100lm.

Material: insoluble  
Storage: ambient conditions and dry.

11.05.18 / Axel rev.1
