

Technical datasheet.

Product: Sealer high temp yellow

Description:

Yellow butyl based sealent tape for vacuummoulding proces.

Dimensions:

3 x 15mm x 7,5 per roll

40 rolls / box

20 boxes / pallet

Temperature resistance

150 degr.

Product information:

Density: 1,43 +/- 0,1 g/m³

Penetration ISO 2137 (20degr.C 100g needle) 78 +/-8 1/10mm

Material: insoluble

Storage lifetime: 1 year stored at max 23degr.C

Colour: yellow

21-03-17
